

## Spreader Bar for Forklift

Forklift Spreader Bars - Proudly operating since the year 1974, ELME Spreader AB is the largest independent spreader company around the globe. They have been a dedicated maker of spreaders for different applications such as the trailers, handling of containers and swap bodies.

Engineering is done in-house by means of using all of the most up-to-date CAD systems and FEM tools. The ELME company presently employs over one hundred twenty five personnel. Their spreaders are supplied to reach stackers, straddle carriers, lift trucks, gantry, quayside and ship-to-shore cranes across the world.

The product series of ELME include many spreaders used for several trailer and container handling operations. Several of their inventory include: Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift Trucks, Straddle Carriers as well as a huge array of attachments.

ELME production and manufacturing is performed in a highly automated purpose built factory. In the year 2008, they created more than 1150 spreaders by using top quality parts to guarantee dependability and excellent standards while offering reasonable prices. Major features of ELME include design simplicity, market response and innovative modular spreader concept.
