Advance-Nilfisk Parts - Imagine how tedious it will really be to clean up your own house after throwing a big party, with no aid from cleaning machines. Back in the day, the time upholstery and carpets had the dust beat out of them manually; cleaning cloths, brushes and brooms were the leading cleaning supplies during that time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Founding the business in 1906, he started to make motors to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's vision from the start was to own a global business marketing products worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which can be operated by one individual as it only weighed 17.5 kilos! This invention came in a time where numerous cleaning equipment were very big and required at least 4 operators, therefore, the Nilfisk C1 changed everything and evolved the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning machines provide an excellent solution to an existing dilemma; stuff get filthy and must be cleaned on a regular basis, without a lot of effort.

Slowly but progressively, Nilfisk-Advance expanded all through the years. In the nineteen eighties, this growth really happened the time the company became a part of the NKT Group. Their new owners' drive and focus made Nilfisk-Advance take a huge leap forward within the industry, trying to be among the leading international players in the market of professional cleaning machines. Nilfisk-Advance is currently found in every part of the world by steadily acquiring a lot of small businesses to be able to develop their product range and presence in new markets. They are really proud to present a range of cleaning solutions to fit every requirement.
